Lesson 3: Project: Survey Analyser

Module 1 | 50 minutes | Project: data app | Grades 6–8 · ages 11–14

Name: _____ Class: _____ Date: _____

Plan your project and practise the key ideas.

1. Key words

Match each word to what it means. Write the letter.

a. data set ___ A. A number that summarises data.
b. anonymous ___ B. Not linked to who gave it.
c. statistic ___ C. A collection of values.

2. Is this survey question appropriate?

Write each item in the right group: Good question / Needs changing.

a. How many hours did you sleep last night? → _____
b. What is your full name and home address? → _____
c. How many books did you read this month? → _____
d. How much money do your parents earn? → _____
e. How many minutes do you walk to school? → _____

3. My plan

Plan your project: Build an app that asks an anonymous number question, collects the answers in a list, and reports the number of responses, average, maximum and minimum, plus one extra insight. Test it with data you can check. Sketch it and list what each part will do.

4. Checklist

Tick each one when your project does it.

a. ☐ Anonymous number question
b. ☐ Answers in a list
c. ☐ Count and average
d. ☐ Max and min
e. ☐ Extra insight
f. ☐ Tested with known data

5. Two stars and a wish

Ask a friend to test your project. Write two things they liked and one idea to improve it.

How did it go? Colour a face: 😀 I can do it · 🙂 Nearly there · 🤔 I need help

☐ My app collects answers into a list.
☐ It reports correct statistics.
☐ I followed data-ethics rules.
