Lesson 12: Capstone: Data App

Module 4 | 90 minutes | Capstone project | Grades 6–8 · ages 11–14

Name: _____ Class: _____ Date: _____

Plan your project and practise the key ideas.

1. Key words

Match each word to what it means. Write the letter.

a. user testing ___ A. The simplest version that's useful.
b. data structure ___ B. How the data is organised (e.g. parallel lists).
c. minimum viable product ___ C. Watching real users try the app.

2. Match the app feature to the concept it uses

Draw a line from each word to its match.

a. Questions and answers stored together ..... A. Menu with if-else
b. Keep asking until a number is entered ..... B. Traversal with an accumulator
c. A "show stats" block ..... C. Procedure
d. Average of all scores ..... D. Validation loop
e. Choose 1, 2 or 3 ..... E. Parallel lists

3. My plan

Plan your project: Design and build a data-driven app for a real user: store the data in lists, organise features into procedures, validate input, provide a menu or clear flow, and report a clear result. Test it with two users and present it. Sketch it and list what each part will do.

4. Checklist

Tick each one when your project does it.

a. ☐ Plan
b. ☐ Lists for data
c. ☐ Procedures
d. ☐ Validation
e. ☐ Menu or flow
f. ☐ Clear result
g. ☐ User-tested

5. Two stars and a wish

Ask a friend to test your project. Write two things they liked and one idea to improve it.

How did it go? Colour a face: 😀 I can do it · 🙂 Nearly there · 🤔 I need help

☐ My app uses lists, procedures and validation.

☐ It produces a clear result.

☐ I tested with users and improved it.
