Lesson 3: Project: Pattern Art Gallery

Module 1 | 50 minutes | Project: pattern art | Grades 3–5 · ages 8–10

Name: _____ Class: _____ Date: _____

Plan your project and practise the key ideas.

1. Key words

Match each word to what it means. Write the letter.

a. generative art ___ A. A collection of works to show visitors.
b. parameter ___ B. A number you can change to alter the result.
c. gallery ___ C. Art made by a set of rules (code).

2. Which idea makes each pattern?

Write each item in the right group: Nested loop / Growing variable.

a. A flower of 12 triangles → _____
b. A spiral getting bigger → _____
c. A row of 5 squares → _____
d. Lines that get longer each time → _____

3. My plan

Plan your project: Build an interactive art gallery: at least two artist sprites, each drawing a different pattern when clicked — one with a nested loop, one with a growing variable — using colours chosen on purpose. Sketch it and list what each part will do.

4. Checklist

Tick each one when your project does it.

a. ☐ 2+ artist sprites
b. ☐ Click draws a pattern
c. ☐ A nested-loop pattern
d. ☐ A growing-variable pattern
e. ☐ Colours chosen on purpose

5. Two stars and a wish

Ask a friend to test your project. Write two things they liked and one idea to improve it.

How did it go? Colour a face: 😀 I can do it · 🙂 Nearly there · 🤔 I need help

☐ My gallery has two different click patterns.

☐ One uses a nested loop and one a growing variable.

☐ I can explain how changing a number changes the art.
