PROJECT BRIEF · SCRATCH (GR 6–8) BEGINNER: CODE FOUNDATIONS

Lesson 6: Project: Generative Art

Module 2 | 50 minutes | Project: nested loops and randomness | Grades 6–8 · ages 11–14

Name: _____ Class: _____ Date: _____

Your mission
Write rules that make art: use nested loops to build patterns from shapes, controlled randomness so every run is different, and explain your rules in an artist statement.

Checklist

- [ ] Nested loops
- [ ] Randomness
- [ ] 30+ lines
- [ ] Starts clean
- [ ] Artist statement

Milestones

1. One shape — done on: _____
2. Rosette — done on: _____
3. Randomness — done on: _____
4. Full design — done on: _____
5. Statement and submit — done on: _____

Plan it

Sketch your stage and write what each sprite will do.

How it will be marked

Criterion	1 · Beginning	2 · Developing	3 · Secure	4 · Excellent
Loops	No loops	Single loop	Nested loops	Nested loops with variables
Randomness	None	Random but chaotic	Controlled randomness	Thoughtful mix of random and fixed
Visual design	Unclear	Simple	Attractive	Striking and original
Code quality	Hard to follow	Works	Tidy and DRY	Elegant and easy to change
Artist statement	Missing	Brief	Explains the rules	Explains rules and design choices
