LESSON PLAN · SCRATCH JUNIOR (K–2) ADVANCED: GAME BUILDERS

Lesson 3: Project: Tap Game

Module 1 | 35 minutes | Project: interaction | KG–Grade 2 · ages 6–7

Objective: Plan and build a simple tap game where characters react in fun ways when the player taps them.

Success criteria

- My characters react when tapped.
- My game starts with the green flag.
- A friend played my game.

Key vocabulary

- **game**: Something you play with rules and fun.
- **player**: The person playing.
- **play test**: Let someone try your game.

You will need

- Projector with Kitabash (lesson video, Code Lab)
- Devices: 1 per learner or pair
- Printed worksheet (optional)
- Printed project brief

Timed lesson plan (35 min)

Time	Stage	What happens
5 min	**Warm-up (unplugged)**	Human tap game (5 min): three children each have a reaction when tapped.
5 min	**Watch & plan**	Play the project video; learners plan on the project brief.
10 min	**Build**	Build-along steps, then Balloon pop. Check in halfway: everyone has something working.
7 min	**Test & peer feedback**	Swap and test each other's work: two stars and a wish.
8 min	**Improve & submit**	Improve one thing; My Tap Game.

Unplugged warm-up

Human tap game (5 min): three children each have a reaction when tapped.

Teaching the idea

Interactive design: multiple touch-triggered scripts plus global start and ambient forever loops; playtesting with a peer.

Analogy: A pop-up book: touch a part and something happens.

Live demo: Show a 3-character tap game; invite a child to play.

Questions to ask

Ask	Listen for
What does each character do?	Share.
What moves forever?	Background.
What did your friend say?	Feedback.

Differentiation

Support
Two characters is fine.

Stretch
A character that hides when tapped and shows when the flag is pressed.

Common misconceptions

Misconception	How to fix it
One tap script works for all characters	Each character needs its own.

Assessment

Project rubric (also on the project brief):

Criterion	1 · Beginning	2 · Developing	3 · Secure	4 · Excellent
Interaction	Not yet	One reaction	Every character reacts	Creative, different reactions
Loops	Not yet	A number loop	Forever used well	Loops in several places
Play testing	Not yet	Played with help	A friend played it	Changed something after testing

Exit ticket
Which reaction is your favourite?

Homework
Play your game with family; who tapped the fastest?

Answer key — Kitabash activities

1. Balloon pop (perform · block code)

One solution:

2. My Tap Game (probe · project)

Answer key — worksheet

1. **Key words:** game = Something you play with rules and fun. · player = The person playing. · play test = Let someone try your game.
2. **My plan:** A clear plan that covers every requirement.
3. **Checklist:** All requirements met.
4. **Two stars and a wish:** Kind, specific feedback and an improvement.

Kitabash original curriculum. Scratch is a project of the Scratch Foundation in collaboration with the MIT Media Lab; this course is not affiliated with or endorsed by them.
